## "From the helm"

Greetings, members and friends of Navy League Seattle!

Welcome to the Seattle Fleet Week 2023 edition of the Scuttlebutt. As you read in this edition, we will have US Navy, US Coast Guard, and Royal Canadian Navy ships, all in the same location at Pier 46 South. Everyone who wants to walk through and visit these ships can see them all in one place, as well as many engaging booths and displays at the pier.

Please pass on the information about the tours to all your friends and family. We hope to see you all show our love and appreciation for the sea services by visiting all the ships.

Also, as traditional for Seafair weekends, go out and see the US Navy Blue Angels fly over Lake Washington!

best regards,

Sanu

The Navy League was founded in 1902 with a clear three-pronged mission: to support the members of the sea services and their families; to educate the American people and their elected leaders about the critical importance of sea power for their economic prosperity and national security; and to help build America's future through successful youth programs like the Naval Sea Cadet Corps.
