## "From the helm"

Greetings, members and friends of Navy League Seattle!

Fleet Week 2023 was a resounding success as you can see from the pictures in our albums. This week would not have been successful without the active assistance of members of our Council and our valued supporters. We thank you all.

best regards,

Sanu

The Navy League was founded in 1902 with a clear three-pronged mission: to support the members of the sea services and their families; to educate the American people and their elected leaders about the critical importance of sea power for their economic prosperity and national security; and to help build America's future through successful youth programs like the Naval Sea Cadet Corps.
